- You are not permitted to copy any of the elements of the PowerPoint.

Box of Spanish: ¡Soy prehistórico! is a set of nine 30-minute Spanish lessons designed to enable new learners to explore Spanish at word and simple phrase level. It is designed for Year 3 learners (age 7-8) who usually study *Stone Age to Iron Age* as part of their history curriculum. It enables learners to begin to make elements of the “substantial progress” outlined in the Programme of Study for Key Stage 2 Languages.

The lessons focus on Stone Age cave paintings and tools, and Iron Age jewellery. By the end of these nine lessons, learners will be able to write and say Spanish words and simple phrases to introduce themselves, to describe the animals seen in cave paintings, to name Stone Age tools and to describe Iron Age jewellery and its ownership. They will also be able to sing a song which covers all these aspects.

Each of the nine lessons has a detailed lesson plan, a PowerPoint presentation and resources such as worksheets and flashcards. Audio is also provided to support the non-specialist teacher. Some points to note:

- The lesson plans show the “I can” statements by which teachers can assess and record the progress that children have made.
- The lesson plans list the vocabulary used in each lesson. The vocabulary is divided into two sections. The transferable vocabulary is that which can be used in many other topic areas, while the non-transferable vocabulary is specific to this topic area.
- The lesson plans are each intended to last for 30 minutes. Follow-up and extension resources and suggestions are given in order to extend the teaching time if necessary.
- Each lesson plan is cross-referenced to the objectives of the Key Stage 2 Languages Programme of Study and the relevant objectives of the Key Stage 2 Framework for Languages.
- Glossaries are provided in Spanish-English and English-Spanish format for children to use to facilitate their learning.
- Most worksheets are available in two ability levels. The second worksheet in each case is the lower level.
- Answers are given to worksheet activities where appropriate.

This .pdf pack contains the lesson plans, resources and glossaries. The PowerPoint presentations and the .mp3 song files are separate documents and you will find links in the lesson plans for downloading these. When downloading the PowerPoints and the .mp3s, it is recommended to copy the links and paste them into your internet browser rather than click on them within the .pdf. If you experience any difficulty downloading the files, please contact admin@ideaseducation.co.uk.

Please note that this .pdf pack is a combination of portrait and landscape documents. Therefore you are advised to double-check your settings when printing pages out.
